## Senior Product Engineer

nina.osei@email.com | (646) 555-1162 | linkedin.com/in/ninaosei | ninaosei.com | New York, NY

### PROFESSIONAL SUMMARY

Senior Product Engineer bridging engineering and product strategy with 8 years of experience at consumer tech companies. Passionate about data-driven product development, A/B experimentation, and crafting user experiences that scale to billions. Known for strong cross-functional collaboration and translating ambiguous product goals into elegant technical solutions.

### EXPERIENCE

#### Senior Product Engineer

Meta, New York, NY

May 2020 – Present

- Owned full development cycle of News Feed ranking features impacting 2B+ monthly active users
- Led A/B testing framework improvements increasing team experiment velocity by 40%
- Built real-time user engagement metrics pipeline with Spark and Flink for instant product insights
- Designed and shipped 8 major consumer features collaborating with Product, Design, and Data Science
- Reduced feature rollout time from 6 weeks to 2 weeks by streamlining the experiment review process

#### Product Engineer

Spotify, New York, NY

Aug 2017 – Apr 2020

- Built personalised playlist recommendation UI improving 30-day user retention by 18%
- Developed social sharing features that increased weekly active users by 12% in Q3 2019
- Partnered with ML team to integrate recommendation models into production serving at sub-30ms latency
- Rebuilt playlist creation flow reducing drop-off rate by 25% through iterative user research

#### Software Engineer

Tumblr, New York, NY

Jun 2015 – Jul 2017

- Rebuilt content feed architecture improving load performance by 3× for 300M+ monthly visitors
- Introduced infinite scroll and progressive image loading reducing bounce rate by 15%

### KEY PROJECTS

**Feed Ranking v3** — Shipped ML-driven feed ranking affecting 2B users; 8% increase in meaningful interactions

**Experiment Platform** — Re-architected experiment assignment system enabling 3× more concurrent A/B tests

### TECHNICAL SKILLS

|                  |                                                                                |
|------------------|--------------------------------------------------------------------------------|
| <b>Frontend</b>  | React, TypeScript, Next.js, CSS-in-JS, Framer Motion, Web Performance APIs     |
| <b>Backend</b>   | Python, Java, Node.js, GraphQL, Kafka, REST APIs, gRPC                         |
| <b>Data</b>      | SQL, Apache Spark, A/B testing, Experimentation platforms, Mixpanel, Amplitude |
| <b>Databases</b> | MySQL, Cassandra, Redis, BigQuery                                              |
| <b>Product</b>   | Feature scoping, PRD collaboration, Roadmap input, User research, OKR planning |

### EDUCATION

#### B.S. Computer Science

Columbia University

2011 – 2015

### CERTIFICATIONS

- Meta Certified Developer
- Google Analytics Certified
- Amplitude Analytics Certification
