Chicago, IL

EDUCATION

B.S. Computer Science

University of Illinois Chicago

2012 – 2016

CERTIFICATIONS

- AWS Solutions Architect – Professional
- Azure Solutions Architect Expert
- GCP Professional Cloud Architect
- FinOps Certified Practitioner

SKILLS

AWS

EKS, EC2, RDS, S3, Lambda, VPC, Direct Connect, CloudFormation, Control Tower

Azure

AKS, Azure AD, ExpressRoute, Azure Policy, Defender for Cloud, Azure Arc

GCP

GKE, Cloud Run, BigQuery, VPC Service Controls, Anthos, Apigee

Platform

Crossplane, Backstage, Terraform, Helm, ArgoCD, Vault, External Secrets Operator

PROFESSIONAL SUMMARY

Multi-Cloud Engineer with 8 years of hands-on expertise across AWS, Azure, and GCP. Expert in designing vendor-agnostic platform architectures, running FinOps programmes, and enabling engineering teams to self-serve cloud infrastructure. Built multi-cloud platforms now used by 3,000+ engineers across two Fortune 100 organisations.

EXPERIENCE

Principal Multi-Cloud Engineer

Mar 2020 – Present

Boeing, Chicago, IL

- Designed multi-cloud strategy across AWS and Azure for 170,000-employee global aerospace manufacturer
- Built cloud-agnostic internal platform using Kubernetes, Crossplane, and Terraform enabling any-cloud deployment
- Established FinOps programme with tagging governance, showback reports, and automated rightsizing achieving \$8M savings
- Created cloud skill certification programme with 500+ engineers completing AWS/Azure certifications
- Reduced new service provisioning time from 3 weeks to 4 hours through self-service infrastructure templates

Cloud Platform Engineer

Jan 2016 – Feb 2020

Motorola Solutions, Schaumburg, IL

- Migrated mission-critical push-to-talk communications from on-premises to hybrid AWS/Azure architecture
- Implemented multi-cloud networking with AWS Transit Gateway and Azure Virtual WAN
- Built internal cloud marketplace offering 50+ pre-approved, security-scanned infrastructure modules
- Designed multi-region DR solution achieving RPO of 15 minutes and RTO of 30 minutes
